Magazine of the

Marist Brothers' High School

Darlinghurst

DECEMBER, 1960

His Eminence Norman Thomas Gilroy, Archbishop of Sydney,  
Patron of the School.

*The Marist Brothers of the High School, Darlinghurst, and their pupils offer His Eminence N. T. Cardinal Gilroy, Archbishop of Sydney, sentiments of sincere filial respect and loyalty together with Christmas and New Year Greetings.*

*In like manner, we extend good wishes to His Lordship Bishop Carroll, His Lordship Bishop Freeman and His Lordship Bishop Muldoon, Auxiliaries to His Eminence.*

## The Year at a Glance

**B**ROTHER DEMETRIUS spent most of his year at the Second Novitiate of the Marist Brothers at Saint Paul-Trois-Chateaux in Southern France. Returning to Australia at the end of second term, he took charge of our High School at Newcastle. We wish him as much success there, as he experienced here.

From the 12th to the 17th of July, we were visited by Rev. Brother Hilary, Assistant General of the Marist Brothers, on his triennial visit. He expressed satisfaction with all that he saw. Brother Assistant taught at Darlinghurst from 1927 to 1930.

Two Old Boys were raised to the priesthood, Michael Hogan and Kevin McNamara, S.J., the former at St. Mary's Cathedral, the latter in India; four boys entered the Marist Brothers' Juniorate; four others became postulants in the Novitiate. Rev. Father Paul Murray (L.C. '46) became one of the first priests to gain a Doctorate in Sacred Theology from St. Patrick's College, Manly, with his thesis, "Newman and Our Lady's Meditation." An Old Boy of the Marist Brothers could choose no other thesis so significant.

Results in the 1959 public examinations were outstanding. Thirty-two boys passed the Leaving Certificate with an average of 2 A's and 3 B's. Seven students gained Commonwealth Scholarships: Kerry Cavanaugh, Anthony Codd, Anthony Craven, Paul Crea, Patrick Fahy, Barry Trembath, and Robert Edwards. Fifty-five boys passed the Intermediate, while the following either gained or retained State bursaries: Christopher Grygiel, Robert Wilson, Ewen Finnane, Andrew Herscovitch, and Noel Pye.

The spirit of study and general co-operation has been creditable, and the boys have shown a friendliness found in few schools.

All secondary classes have made retreats at Kensington under the guidance of the Missionaries of the Sacred Heart. These recollection days have been fervent and im-

pressive. We thank the Sacred Heart Fathers.

We sincerely thank the various subsidiary organizations whose help has always been invaluable: O.B.U., P. and F., Ladies and Men's Auxiliaries.

The Junior Conference of the St. Vincent de Paul Society has carried out zealous work under the capable guidance of School Chaplain, Father Grew, of Darlinghurst Parish. Thank you, Father.

The Cadet Corps functioned vigorously and efficiently, both in its weekly parades and in its annual camp at Singleton.

In the Metropolitan Catholic Colleges' Competitions, both A and Under 14 grades were cricket premiers, A grade being joint-premiers with Randwick. Congratulations, Marcellin College. In football, Darlinghurst won the A grade and aggregate trophies, and were runners-up in B and Under 14 grades. The 10-stone team was champion team in the State Knockout Competition. In the Eastern Suburbs Competition we entered nine teams, eight of which were champions. In Swimming, we won the M.C.C. Senior trophy. Tennis and Golf tournaments were organised within the School, and in each case unearthed promising talent.

A word of thanks to Rt. Rev. Monsignor Wallace, P.P., of Darlinghurst, and his assistant priests, Rev. Fathers Fay, Hannan, Grew, and McAlary, for their spiritual ministrations and personal kindness; to the Sisters of Charity at St. Vincent's Hospital and at Sacred Heart Convent.

Finally, may we point out that next year marks the sixtieth anniversary of the School on its present site. The late Archbishop Kelly officially opened the School building in July, 1911, on Darlinghurst Hill, its second site since its inception at Church Hill in 1875.

We sincerely hope that all will read with interest and enjoyment this record of School events for 1960, written in the following pages.

## Brother Demetrius

It was a fortunate day for the High School when Brother Demetrius was transferred from St. Patrick's Technical School to Darlinghurst. The new Principal was experienced in every phase of study provided by our Sydney schools. Numbers at Darlinghurst were growing rapidly and the firm hand of Brother Demetrius saw to it that quality was not sacrificed to quantity as our small assembly area became crammed to capacity.

On his arrival at the High School, Brother Demetrius found that his first major task was the implementation of plans for remodelling the Brothers' House, of which the years had taken heavy toll. Faced with great expenditure Brother Demetrius arranged the necessary loan, running into thousands of pounds, and within three years had almost paid it off; then to renovating the school building now approaching its golden jubilee of erection. For this he organised the Men's Auxiliary into painters, carpenters, plumbers, etc, who brightened up the whole school building within three years. Still it was not only Brother Demetrius's organising ability that stood him in good stead, but also his personal ability to wield a hammer, paint brush or other tool as the need arose.

Although of a scientific bent of mind himself, Brother Demetrius was able to perpetuate the work of Brother Osmund, Brother Gerard and Brother Michael, under whom the boys of Darlinghurst learnt to treasure the humanities. Few schools excelled the standard of our English results at last year's Leaving Certificate Examination.

Brother Demetrius's success as a Christian educator speaks for itself in the boys who have gone out from the School during his years and in the large number of vocations to the priesthood and the religious life. It

REV. BROTHER DEMETRIUS, A.S.T.C.

was during Brother Demetrius's time that the St. Vincent de Paul Society was inaugurated at Darlinghurst.

At the end of three years Brother Demetrius was selected by the Superiors of the Marist Order to perform the exercises of the Second Novitiate in France. During his absence he was transferred as Headmaster to our high school at Hamilton, a suburb of Newcastle. We trust that the boys of the coal city will make the best of their good fortune and that God's blessing will accompany Brother Demetrius back to the scene of his early labours as a Brother.

## Senior Boys' Retreats

**L**ATE in May this year Fifth Year "A" class went on its first enclosed Retreat at the Sacred Heart Monastery, Kensington.

This was a solemn occasion for the boys, as previously the Retreats had been held during school hours and the boys had slept at home.

When we arrived on the Monday night silence was observed immediately and kept until Thursday morning, with the exception

of recreation periods each afternoon. The lay-brothers, who lived at the Monastery, treated everyone well and prepared really excellent meals.

The Retreat-master, Father Lambert, proved a real help with his lectures and discussions and was instrumental in all the boys making a good Retreat.

We would like to extend our thanks to Father Lambert and the other priests and lay-brothers for their help and spiritual guidance during the Retreat.

We are also most grateful to Father Drake for making the accommodation available to us.

P. Gibson (L.C.)

CONDUCT, STUDY AND SPORT

JUNIOR: B. Griffin.

SENIOR: N. McKenna.

Early in June this year 5B performed the exercises of their Annual Retreat at the Sacred Heart Monastery, Kensington. The class regarded this Retreat as the most important one as it was an enclosed Retreat and the last they would make at School. The boys who slept at home were very exact about attending all the exercises, even in the early morning.

Father Graydon was the Retreat Master and celebrated Mass for the boys each morning. The retreatants took turns at serving the Holy Sacrifice and the Benediction in the evening. During the day Father gave us many interesting and very useful talks for boys our age. He urged us to do some solid thinking and praying for ourselves during the days of the Retreat. Silence was observed at all times except during a break for recreation towards the end of the afternoon. This "time out" set us up for further efforts during the evening devotions.

We extend our thanks to all the Brothers and Priests at the Monastery who helped us by word and example, but especially to Father Graydon and Father Drake, the Superior of the Monastery.

## *A Visit to Rome*

(Written by Brother Demetrius for *Blue and Blue*, 1960)

TOWARDS the end of last year it was my good fortune to be one of the group of Australian Marist Brothers sent each year to follow a course of religious studies known as the Second Novitiate. For us Australians this privilege is doubly attractive as it means a visit to Europe with a chance to see many of "those far away places" which for most do not come any closer than "that book on the shelf." Many happy memories flood my mind as I think over the past twelve months: Rome, Northern Italy, beautiful Southern France which made willing captives of the Popes for nearly seventy years, Lourdes, Paris, the British Isles. For this brief article I shall confine myself to a few impressions of Rome.

In Rome we stayed with two of our Australian Brothers who, with twenty-four other Marists from various countries, are doing Doctorate courses for Religious Brothers through the Lateran University. January 21st being the feast of St. Agnes they suggested a visit to her Basilica. This is built over the catacomb where the early Christians buried the Roman virgin Agnes who suffered the cruel death of martyrdom rather than be unfaithful to her heavenly spouse. On her feast day each year during High Mass, the abbot blesses two lambs whose wool will be used to make the palliums with which the Pope invests archbishops.

We arrived just as some little girls dressed in white were carrying the lambs into the church. The lambs were suitably impressed with the dignity that was theirs and lay quietly in their boxes. I have no doubt that the pretty ribbons with which the good Nuns had decked the boxes were not purely for decoration.

This was my first experience of an Italian feast day. To me the familiar attitude of the crowds in the church seemed irreverent, but further experience showed me that this was perhaps an illustration of how these good people feel quite at home in God's

house. No doubt our traditional silence in church would seem strange to them.

After Mass we found a guide who provided each of us with a candle and took us to inspect the catacomb. This one is similar to the many others scattered around Rome. Originally they were mines dug by the Romans for sand for building. During the persecutions the Christians used them as hiding places and burial grounds. This gave them added protection as the Romans had a considerable respect for and a superstitious fear of the dead. However, we do read of the catacombs being raided by Roman soldiers on several occasions.

The Christians extended these mines considerably and cleverly concealed the many secret entrances. After the persecutions the catacombs were no longer used and as time passed people forgot about them. Less than a century ago they were rediscovered and over one thousand miles of them have been explored. The tunnels are about three feet wide and in many places the sides are lined with tiers of rectangular openings in which bodies were buried. Martyrs' graves are easily recognised as their tombs are in the form of an arch. Frequently they have a palm branch carved in the rock.

During our visit a priest was saying Mass at an altar which the early Christians had erected over the tomb of St. Agnes. It is usual to find an altar in the catacombs in a slightly enlarged area at the lower end of a long tunnel, thus enabling the large crowd in the passageway to see the Priest. It became customary to bury a martyr's body beneath the altars. The Church today requires that the relics in our altar stones be those of martyrs. The walls with their oil lamps and lighted tapers, and the people fervently singing hymns, and the tinkling of the bell warning us of the Consecration seemed to link us close to those frightened but brave Christians of nearly two thousand years ago.

"All roads lead to Rome," and the great attraction for most who tread these roads

is St. Peter's. The Pope lives in unpretentious quarters at the right hand side of the great Basilica. We had the privilege of an audience with the Holy Father and to be in the presence of the Pope is an experience that words cannot describe.

St. Peter's is huge but all is in such excellent proportion that you do not realise just how enormous everything is. Many a visitor, as he blesses himself with holy water on entering the Basilica, does not realise that the two chubby "little" angels who present a holy water font as big as a bath are each seven feet high. Perhaps he has been too engrossed in Bernini's massive canopy, more than the length of a football field away, resting on its twisted bronze columns high above the main altar, which in turn covers the tomb of St. Peter. Incidentally, this canopy, which could comfortably straddle the Darlington High School, reaches only half way to the ceiling of the dome.

It takes some time to take even a quick look through St. Peter's. It is capable of holding 80,000 people. The sides of the Basilica are broken with many beautiful side chapels, each as big as an average church. Perhaps the best known is that containing "the Pieta" of Michael Angelo. "Flesh turned to marble, not marble turned to flesh" is an apt description of this priceless treasure completed when the sculptor was only twenty-four years old. Behind the various altars are beautiful mosaics so expertly laid that unless you look carefully you do not realise that the picture is made from many small pieces of coloured stone. Most of the original paintings from which these mosaics were copied are in the Vatican Art Galleries.

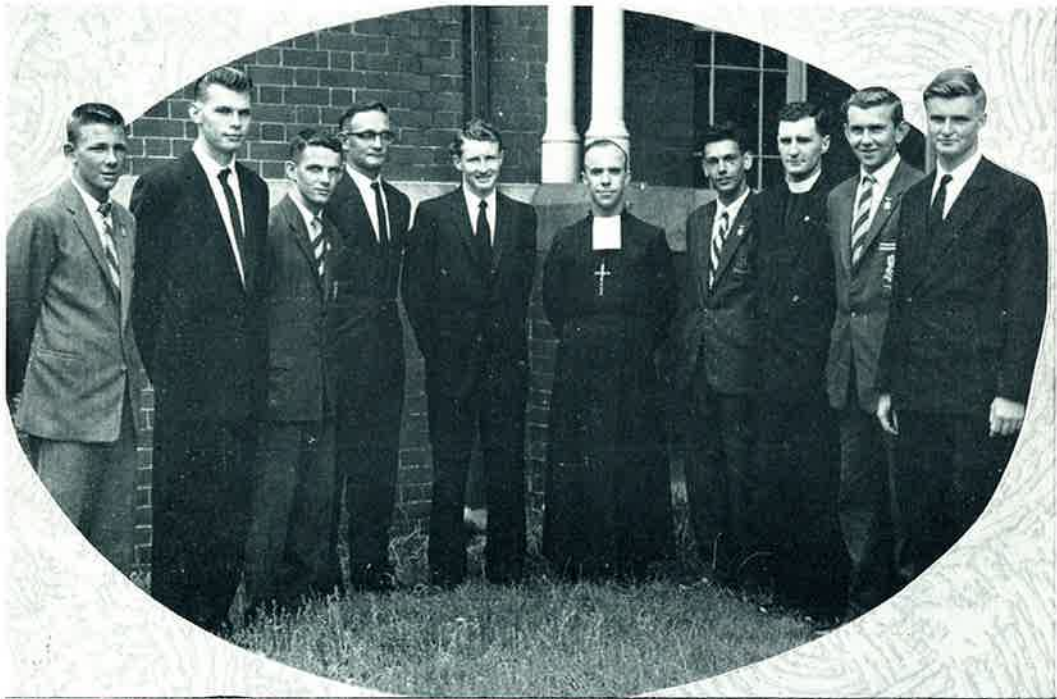

We paid several visits to St. Peter's. One of them took us to the dome. On this day we were accompanied by an old boy of Darlington, Brother Fabian Hynes (St. John of God), who is in charge of the Vatican Pharmacy. We climbed to a height of over four hundred feet. Part of the way was on an inclined path which spiralled between the roof and ceiling of the dome. The climb was hard, but our efforts were well rewarded by the view we received.

The first sight to catch our eye was the impressive Piazza San Pietro, an area larger than the Sydney Cricket Ground. This Piazza is bounded by two huge semi-circular colonnades which extend from the façade of the Basilica and represent the arms of the Prince of the Apostles stretched out to embrace the world. Surrounding the Basilica is an area of about 200 acres which forms the Vatican City, the smallest independent state in the world. The entrance to this state is through the Piazza and is attended by the Pope's own army, the Swiss Guards. These soldiers dress in colourful orange and blue striped uniforms and wear breast plates and helmets of metal armour. They carry no guns but wear swords and hold effective looking halberds.

The Vatican Gardens looked beautiful in spite of the winter. The lawns were meticulously trimmed and beautiful fountains splashed into artistic ponds set among the flower beds and shrubs. Close to the papal apartments are the extensive buildings housing the Vatican Art Galleries and Libraries. These are real treasure houses of paintings, sculptures and ancient manuscripts.

On another day we were among a lucky few who were permitted to explore the recent excavations under the High Altar. You can imagine the feelings we experienced when we stood beside the tomb of St. Peter. This was discovered only recently during excavations commenced a few years ago. As yet the tomb has not been opened. St. Peter's was built on the site of an old cemetery containing both Christian and pagan tombs. Many of these are still intact. This cemetery came to light when Pius XII appointed men to excavate the pagan tombs. Many of these are still intact. This cemetery came to light when Pope floor of the crypt in order to enlarge this part of the Basilica. It is here that most of the Popes are buried.

Students who live in Rome for six years or more say that, no matter how much they have seen, each day brings new surprises, in this ancient city. We had but a mere ten days in which to try to drink in all the glories of Rome. They were most interesting and enjoyable days and it was with considerable regret that we eventually forced ourselves to say "Arrivederci" to our Aussie confreres and to head for France.

FRONT ROW: D. Maguire, P. Brown, Rev. C. Grew (School Chaplain), M. Grainger, F. O'Young, I. Fraser.

THE Society started the year with some gaps in their ranks; five boys had left the school, four of them going to the Marist Brothers' Training College at Mittagong. However, seven new members have been enrolled during the year, bringing the number up to fourteen.

The officers elected for this year are:—  
President, M. Grainger; Vice-Presidents, P. Gibson, J. Piggott; Secretary, I. Fraser; Treasurer, N. Fahy; Librarian, R. Dick.

The activities of the Society have been varied: visiting St. Vincent's Hospital, providing school requisites to needy boys, working at St. Edmund's School for Blind Boys at Wahroonga. A pamphlet rack has been installed in the school and is kept well stocked with interesting reading material.

Michael Grainger, Fourth Year.

## Prominent Old Boys

### ORDINATION OF FATHER HOGAN

Early this year Darlington was honoured by the ordination of one of its "old boys"—Father Michael Hogan. The Brothers and the boys of the School were delighted to receive an invitation to attend one of Father's first Masses, which was to be celebrated at the Sacred Heart Church, Darlington. All the boys, as well as many of their parents, attended the Mass, which was served by two boys of the School. After Father had given us his blessing, we returned to the School to await his arrival.

When the Principal, Brother Norman, had extended a warm welcome to Father, Neil McKenna—the School Captain—outlined Father's various activities as a pupil of the School with an informative speech, after which he presented Father with a gift on behalf of the Brothers and boys as a special reminder of his old school, which, no doubt, he will remember in his prayers. Father was very pleased at this gesture and asked the boys to pray for him, as a Priest's life is not an easy one and, like all religious life, requires a great deal of sacrifice.

In expressing his final thanks, Father gave the boys a half-holiday, which was enthusiastically received by all present.

J. Hall (Intermediate)

### REV. FATHER PAUL MURRAY, D.D.

Another distinguished Old Boy we should like to congratulate this year is Rev. Father Paul Murray, D.D., who was awarded his Doctorate in Theology at St. Patrick's College, Manly, in October.

Paul Murray passed the Leaving Certificate at Darlington in 1946. From 1947 to 1952 he followed courses at the Massey Agricultural College of the University of New Zealand, graduating Master of Agricultural Science in 1952. The following year he entered the diocesan seminary at Springwood to begin his studies for the priesthood. He was ordained in 1958.

It was yet another milestone in Paul Murray's brilliant career when he received the title of Doctor of Divinity at a gathering presided over by His Eminence the Cardinal and in the presence of the Apostolic Delegate, their Lordships Bishop James Freeman, D.D., and Thomas Muldoon, D.D. Also present were the Professors of the Faculty, representatives of the Clergy, and Dr. Murray's family and friends.

### MR. G. I. DAVEY, K.C.S.G.

We cannot let this year's issue of "Blue and Blue" go to print without reference to an illustrious Old Boy of Darlington. This year Mr. Geoffrey Davey was decorated by His Holiness Pope John XXIII with the title of Papal Knight.

Geoffrey Davey completed his secondary education at the High School in the mid-twenties, winning an Exhibition to the University and later graduating as Bachelor of Engineering. Geoffrey Davey has always kept in touch with his Alma Mater either by his activities in the Old Boys' Union or by his provision of the Geoffrey Davey science prizes each year.

After his early days with the Metropolitan Water and Sewerage Board and in Papua, he commenced private practice as a consulting engineer and is now the governing partner of the firm Gutteridge, Haskins and Davey. He has been responsible for engineering work throughout Australia and the Pacific on behalf of the Government and local authorities. He has also planned numerous ecclesiastical buildings. Geoffrey Davey is a member of the advisory board of St. Vincent's and the Mater Misericordiae Hospitals, and is honorary consulting engineer for the Poliomyelitis Society of N.S.W.

His married life has been singularly blessed by God, as his son is a student for the priesthood with the Dominicans, and one daughter is a professed nun in the Dominican Order.

# The Wyndham Report

(A brief summary for parents)

In September, 1953, a Committee under the chairmanship of Dr. H. S. Wyndham began a survey of secondary education in New South Wales. Its terms of reference were:

1. To survey and to report upon the provision of full-time day education for adolescents in New South Wales.

2. In particular to examine the objectives, organisation and content of the courses provided for adolescent pupils in the public schools of the State, regard being paid to the requirements of a good general education and to the desirability of providing a variety of curriculum adequate to meet the varying aptitudes and abilities of the pupils concerned.

The Committee considered evidence submitted by two hundred and twenty-six persons and institutions and submitted a comprehensive report to the Minister for Education in October, 1957. The main recommendations of the report are summarised here:

## 1. Transition from Primary to Secondary School.

In general, on the completion of the primary school course at about the age of twelve years, all pupils should proceed without examination to secondary schooling. The report suggested further that, to aid in the transition, First Year Secondary Classes should be taught as far as possible by a class teacher, the use of specialised subject teachers being kept to a minimum.

## 2. Secondary Education for All.

The organisation of the High Schools should be so designed as to provide a secondary education for all adolescents and should cover four years to the age of about sixteen. This necessarily means that the normal High School would be large (probably more than 600 pupils) and provision should be made for breaking the school up into houses, each limited to a number that one housemaster could get to know personally. This type of school, to which all the

children of one area go, irrespective of ability, is called a "Comprehensive" High School.

## 3. Subjects to be Studied:

All should study a basic core of subjects, including English, Social Studies, Science, Mathematics, Music, Art, Crafts, Physical and Health Education and Religious Education. The teacher would be free to adapt these subjects to the needs and abilities of the pupils and to the conditions of the particular school. After the first year the pupils may, with teacher guidance, elect to study, more deeply than others, some subjects for which they have shown greater potential.

The following list indicates the general range of electives, most or all of which a comprehensive secondary school would be expected to provide: Art, Commercial Principles and Practice, Geography, History, Home Science, Languages (Ancient and Modern), Manual Arts (e.g., Drawing, Metalwork, Woodwork), Mathematics, Music, Science (e.g., Agriculture, Biology, Botany, Chemistry, Geology, Physics).

After the first year, the time devoted to the "core" should depend upon the ability of the pupils, but might normally be in successive years about 75, 65 and 60 per cent. of the total school time. The opportunity for choice of courses should be kept as open as possible. There should be no objection to a pupil's attempting an elective course and then changing it or reverting to the core subject if his first choice proved to be unsuitable.

## 4. The School Certificate Examination:

There should be an internal examination at the end of the fourth year. As far as core subjects are concerned, the examination should be set at the level of the pupil of average ability. In the case of elective subjects, account should be taken of the fact that the standard of work should provide opportunity for the most able pupils. The fact that some will continue their studies beyond this stage should not mean that the

examination will be pitched at their level of ability. The examination would be conducted by the Department of Education and successful candidates would be awarded a school certificate by the Director-General of Education.

#### 5. Early Leavers:

There should be no external examination nor any certificate of general status issued before the School Certificate. Early leavers should be given only a formal statement of their attainment, attendance, and conduct. The reason for this is that the Committee wishes to build up a system of education which would encourage all pupils to remain at school until the School Certificate Examination.

#### 6. The Higher School Certificate.

Pupils who wish to proceed beyond the School Certificate level, including those who wish to go on to the University, should remain at school for two more years to follow specialised courses leading to a further examination known as the Higher School Certificate Examination. This stage of schooling should be designed to meet the needs of the most capable adolescents between the ages of sixteen and eighteen, but is not to be regarded merely as a preparation for matriculation. Provision should be made

for school activities which are essential for education but which do not involve preparation for examinations.

The number of subjects studied should be fewer than at present prescribed for the Leaving Certificate but due regard should be paid to the need for balance in the choice of subjects. It is to be hoped that the selective nature of this group of pupils, and their greater maturity at the age of eighteen, should make possible a provision of courses which will afford them better prospects of success in the early stages of University study.

#### 7. Aid for Students.

The problem of helping the pupil who might otherwise be forced, largely because of economic circumstances, to leave school early, should be met by a review of the number and conditions of the award of bursaries. The special problems of the country school were also taken into account. It was suggested that the needs of the majority of children in country areas could be catered for in the four years of the school certificate course and that fifth and sixth year students could be concentrated in the bigger towns. Such a solution would necessarily be associated with the awarding of bursaries, the establishment of hostels and subsidised travel for the pupils.

## Obituary

During the year **Stanley Wetherall**, the Chief Industrial Chemist for an Australian firm, was killed in a road accident in Nottinghamshire, England. Stanley was at the High School in the thirties.

In your prayers please remember the following who also died during the year:—

The father of John Day (Intermediate).

The father of Hugh Thompson (Second Year).

The brother of Shane Casey (First Year).

And also the grandparents of these boys: J. Barclay, P. Barry, F. Cahill, C. Ellis, J. Foster, P. Goodwin, K. B. and N. Griffin, F. Hegerty, S. McDonald, F. McMahon, A. and P. Marshall, Chris and Cyril Peel, M. O'Brien, I. Pederson, M. D., R. and G. Quinn, A. and B. Reed, P. Tilbrook, W. Vize and P. Wheller.

As we go to print we learn of the death of **Brother Patricius** in Melbourne.

**SECOND YEAR CADETS**

**FIRST YEAR CADETS**

# Cadets

1960 found the Cadet Unit with thirty vacancies, which were quickly filled to bring the corps back to full strength. The familiar figure of Brother Theodore on first parade was missing, owing to a transfer to Lidcombe. His place in cadets was taken by Brother Lionel, who quickly fitted into the way of things.

We were fortunate in having WOII Ostara with us again this year and he, assisted by CUO's A. Stabback, S. Coleman and NCO's, carried out a high standard of instruction.

**Annual Camp.** Singleton turned on some really fine weather during this year's camp. Many changes in the camp programme were experienced.

For the second year cadets, most of the time was spent at field craft in preparation for "Operation Contact." Even if the eight contacts proved rather tiring, the night spent in the open had its pleasant side—with mum's choicest cooking and inflated sleeping bags.

For the first year cadets, time was devoted to learning and practising field craft. With the wealth of experience gained by "meals in the field," and a night in the "hutchies," parents are assured of good camping this Christmas.

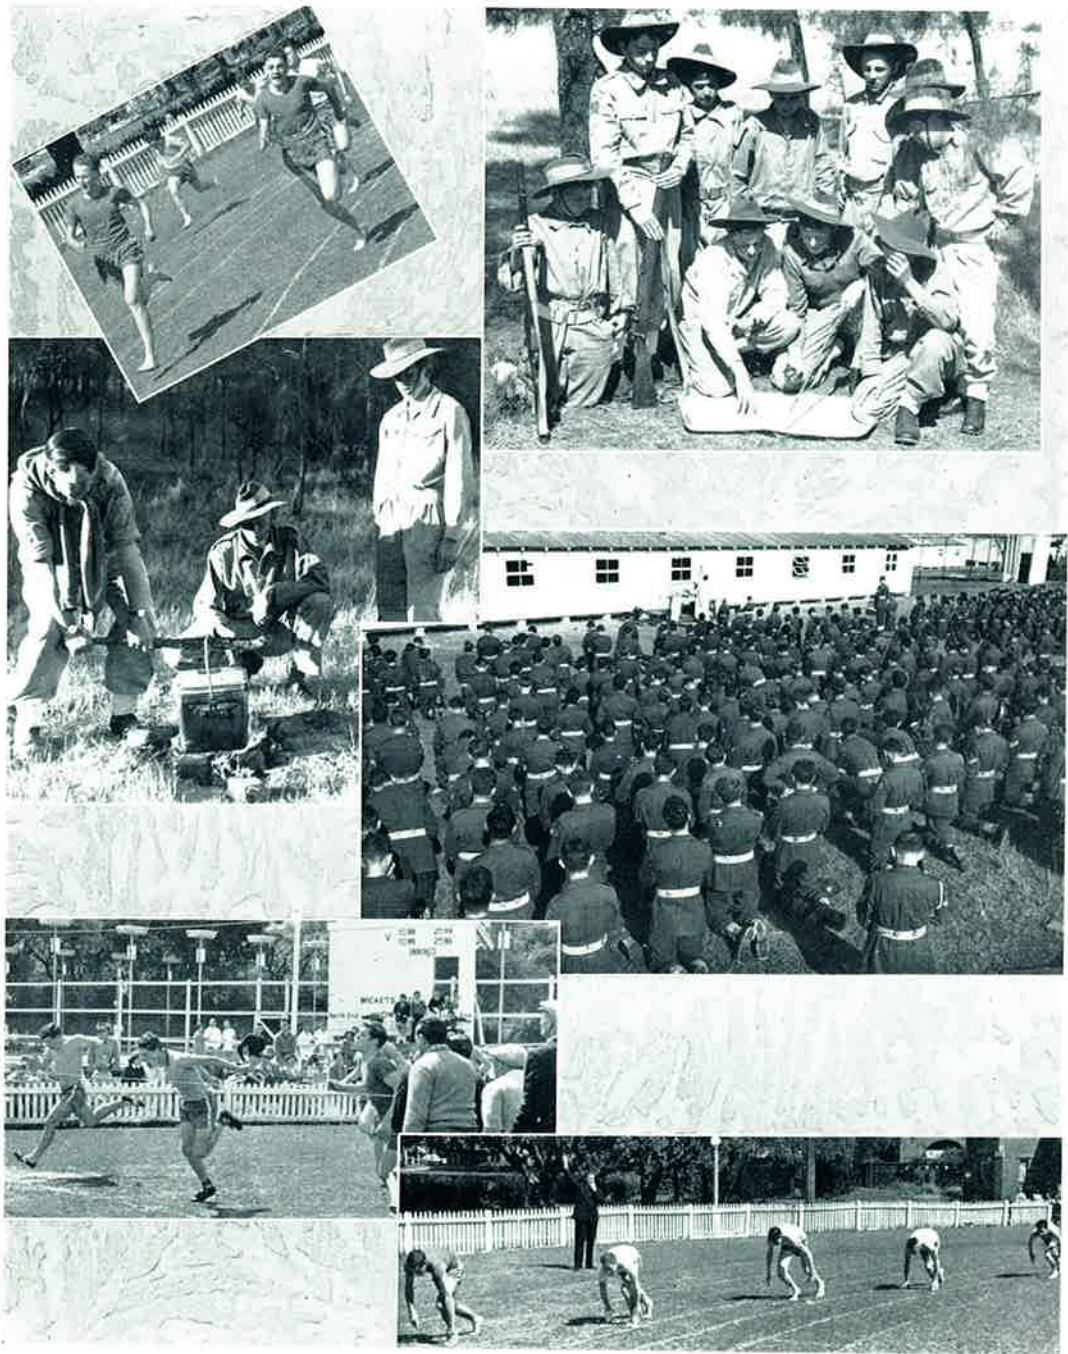

The band had a quieter time than previously, but still maintained a high standard. More time was given to them for weapon training and drill. The effect of this was clearly seen at practices on the range.

M.C.C. A GRADE — UNDEFEATED PREMIERS

BACK ROW: R. Sutton, V. Robinson, D. O'Connell, G. Fanning, R. Dick, C. Grygiel, M. Grainger.  
 FRONT ROW: R. Dixon, A. Hagan, L. Causer, N. McKenna (C), G. Morris, P. Marshall, R. Judd.

THE 1960 football season was a very successful one. The A Grade were undefeated Premiers of the M.C.C., giving the School its tenth win since the inception of the competition in 1930. The team lost all its trial matches but, aided by a favourable draw, improved sufficiently to win all its competition matches. The B Grade and Under 14 teams had very good seasons. Each lost only one game and finished runners-up. The combined efforts of our four competition teams gave us a very narrow win over Randwick in the Aggregate Points Score.

## M.C.C. Results:

### A Grade:

v. Ashfield	won	10-0
v. Marrickville	won	15-7
v. Strathfield	won	6-5
v. Lewisham	won	15-12
v. Kogarah	won	3-2
v. Randwick	won	7-3
v. The Rest	drew	13-13

### B Grade:

v. Ashfield	won	23-2
v. Marrickville	won	43-5
v. Strathfield	won	20-5
v. Lewisham	won	16-2
v. Kogarah	won	5-3
v. Randwick	lost	5-13

**Under 15:**

v. Ashfield	lost	5-6
v. Marrickville	lost	7-8
v. Strathfield	lost	5-8
v. Lewisham	lost	2-32
v. Kogarah	lost	3-8
v. Randwick	won	10-3

**Under 14:**

v. Ashfield	won	5-3
v. Marrickville	won	11-0
v. Strathfield	won	8-0
v. Lewisham	won	9-0
v. Kogarah	drew	0-0
v. Randwick	lost	6-8

We offer our congratulations to Randwick who won the B Grade and to Strathfield, winners of the Under 15's, Under 14's and Brother Raymer Trophy.

**KNOCKOUT COMPETITIONS**

**T**HIS year nine teams represented the school in the Eastern Suburbs Rugby League Knockout Competition. Eight of these teams were successful and the re-

maining one was narrowly defeated in the final. Our secondary teams made a clean sweep of their division, winning all seven grades.

**RESULTS OF FINALS:**

Open d. Vaucluse High School	30-0
10 Stone d. C.B.H.S. St. Marys	29-0
9 Stone d. C.B.H.S. St. Marys	6-0
8 Stone d. C.B.H.S. St. Marys	12-0
7 Stone 7 lbs. d. C.B.H.S. St Marys	14-0
7 Stone d. Bondi Junior Tech. School	5-3
6 Stone d. Bondi Junior Tech. School	8-0

The 10 Stone team, for which nine of the victorious A Grade were eligible, went on to further success when they won their division in the N.S.W. Rugby League Knockout Finals. They had a comfortable 10-0 win over Wollongong High School in the semi-final and went on to an easy 23-2 victory against Patrician Brothers, Fairfield, in the final.

**PRIMARY:**

5 Stone 7 lbs. lost to Randwick Primary	5-8

**T**HE 1960 Season has been a successful one for Darlinghurst cricket teams.

The Under 14 Team were Premiers and the A Grade shared this honour with Randwick. It is interesting to note that the School has now won or shared eighteen of the thirty-one A Grade Competitions which have been contested.

The successful years were 1930 and 1931, 1934 to 1940, 1945 to 1947, 1950, 1952, 1955 to 1957 and 1960.

This year we had to part with two trophies—the Aggregate Shield and the B Grade Cup and we offer our congratulations to the Randwick teams who won them for 1960.

We congratulate also Randwick's A Grade who soundly defeated us during the competition, but with whom we shared the premiership.

**A Grade: Results:**

Darlinghurst 67 (N. McKenna 15), defeated Lewisham 65 (V. Robinson 5 for 15, B. Woods 4 for 26), on the first innings.

*Sporting Tours*

In preparation for the State Knockout Competition our footballers had trial games against St. Gregory's College, Campbelltown, and a very successful day it was on and off the field. All our teams won hard, even games, the A Grade game being the most exciting; the only score came in the final minute of the game when we crossed for the winning try. This visit to Campbelltown completed a successful double, as our cricket teams had come home victorious after visiting Campbelltown in the first term. In October, our athletes had a practice run

at the Marist Brothers' Juniorate, Mittagong, in a triangular meeting with the Juniors and runners from our High School at Parramatta. The weather was kind enough this year to allow us to complete the day in comfort. After the final event it would appear that the honours were pretty evenly shared.

We are again indebted to all those parents and friends who made transport available so that the boys of the High School might enjoy these trips to the full.

**UNDER 14 RESULTS**

Darlinghurst 95 (R. Brassil 37) and 2 for 22 (G Lunn 11), defeated Lewisham 48 (M. Mann 5 for 10) and 60 (K. Hoy 9 for 24), outright.

Darlinghurst 7 for 233 decl. (B. Horrox 80 not out, J. Lawler 45, R. Brassil 29, K Hoy 27), defeated Kogarah 7 for 127 decl. (K. Hoy 4 for 30) and 2 for 68, on first innings.

Darlinghurst 9 for 79 decl. (B. Horrox 39) and 7 for 101 (R. Brassil 61 not out, G. Lunn 19), defeated Randwick 55 (K. Hoy 5 for 24, K. Stanmore 4 for 10) and 7 for 149 decl., on first innings.

Darlinghurst 190 (R. Brassil 76, K. Hoy 36, B. Horrox 18), defeated Strathfield 117 (M. Aisbett 5 for 25, M. Dann 3 for 24) and 58 (G. Stanmore 5 for 11, M. Dann 4 for 28), outright.

Darlinghurst 9 for 118 decl. (G. Stanmore 27, K. Hoy 24, G. Lunn 21) and 3 for 116 (R. Brassil 70 not out, B. Horrox 28), defeated Ashfield 78 (G. Stanmore 5 for 26, K. Hoy 4 for 18) and 150 (G. Stanmore 7 for 50, P. Vrolyks 2 for 25), outright.

Marrickville 126 (G. Stanmore 6 for 38, P. Vrolyks 1 for 0) and 72 (P. Vrolyks 7 for 25), defeated Darlinghurst 114 (R. Brassil 79) and 4 for 68 (B. Lewis 30, B. Horrox 17), on first innings.

**T**HE Annual Carnival was held as usual at Rushcutter Bay Oval. After a hard struggle with the Reds, the Golds emerged victorious. A thirty year old record was broken when M. Keys ran the 440 yards Under 16 in 53.8 seconds which was well under the old mark set by C. Cummins (now Dr. Cummins, Director-General of Public Health), in 1930.

Age Champions for 1960:

Senior: R. Sutton.  
 Junior: M. Keys.  
 Juvenile: J. Street.  
 Midget: F. Borg.  
 Under 15: L. Boyd.  
 Under 13: R. Quinn.

Under 11: F. Cahill.

Under 10: P. Hardy.

Under 9: G. Redman.

## M.C.C. CARNIVAL

Our most promising athlete is P. Hardy, who raced away with the M.C.C. 75 yards Under 10 in the good time of 9.8 seconds. L. Boyd ran well to be narrowly beaten in the 100 yards Under 15, won in 10.3 seconds and in the 440 yards which was won in the outstanding time of 52.5 seconds. The Under 16's, B. Woods, A. Taylor, N. Griffin and M. Keys. All performed well and with the boys already mentioned, contributed most to our points score. emerged victorious. A thirty year old

## M.C.C. CARNIVAL

Our 1960 Swimming team was the strongest to represent the School for many years. Spearheaded by Russell Ball, Neil Griffin and John Grygiel our team waged a great battle with Kogarah for most of the evening until their superior strength in the final events took them on to a comfortable victory in the Aggregate Points Score. In the Senior Division the points were also close, and here victory was ours. Leading schools in the various divisions were:—

### Juvenile.

Kogarah 72, Lewisham 58, Darlinghurst 34.

### Junior.

Marrickville 49, Strathfield 47, Darlinghurst 34.

### Senior.

Darlinghurst 50, Kogarah 47, Strathfield 20.

### Aggregate.

Kogarah 151, Darlinghurst 118, Lewisham 104.

Some indication of the strength of the present team can be gauged from the fact that only one "Old Boy" now holds any school records—Phil Silipo (1956), who holds two Under 15 records and shares another!

Congratulations to the members of our team on their fine performances and to the successful Kogarah and Marrickville teams.

The Annual Swimming Carnival was held at the North Sydney Olympic Pool on a Saturday afternoon. This was a new venture which proved to be quite successful. The Greens maintained their now well-established superiority in this sport but only narrowly from the Reds—189 points to 178.

## Tennis

This year's Tennis Championships were held in the pleasant surroundings of Cooper Park, Woollahra. There was some good tennis, particularly in the Senior and Under 16 Divisions before the champions finally emerged.

#### RESULTS OF FINALS:

Senior Singles: R. Weber d. N. McKenna, 6-3, 6-1.

Senior Doubles: R. Weber and K. Graham d. J. Hughes and A. Stabback, 2-6, 6-2, 6-4.

Under 16 Singles: M. Turner d. G. Cureton, 6-3, 6-4.

Under 16 Doubles: M. Turner and J. Venables d. V. Malone and R. Paino, 6-1, 6-1.

Under 14 Singles: M. Dann d. G. Jack, 6-1, 6-1.

Under 14 Doubles: M. Dann and K. Hoy d. B. Lewis and B. Horrox, 6-3, 6-2.

Our most successful competitors in the M.C.C. Championships were M. Turner and M. Dann, who were both runners-up in their respective divisions.

## Golf

The Annual Golf Championships were held at St. Michaels on 15th August. Gerard Fanning won the Senior Championship, coming home with a brilliant 38, after he had shared the lead at the half-way mark with Malcolm Grant, who won the championship in 1958 and 1959. The Junior Championship went to Gary Lunn with a one stroke advantage over John Lawler.

Senior: 1, G. Fanning, 84; 2, M. Grant, 87; 3, N. Griffin, 91.

Junior: 1, G. Lunn, 54; 2, J. Lawler, 55; 3, J. Maynard, 61.

# Parents and Friends' Association

THE executive of 1959 remained unchanged for 1960:—

President: Mr. T. Akhurst.

Vice-President: Mr. D. J. Simpson.

Secretary: Mrs. F. Reed.

Assistant Secretary: Mrs. T. Akhurst.

Treasurer: Mr. J. Langdon.

The Parents and Friends' Committee gave much of their time to the many tasks of raising funds for school improvements. In addition, the ladies were always very active at the various social functions conducted for the boys. However, a new venture the Committee undertook this year was the organ-

ising of the "Holden Circle", the response to which was well beyond expectations, as can be seen from the financial statement below.

At the Annual General Meeting in November Mrs. F. Reed regretted that she had to decline reappointment as Secretary and Mrs. J. Langdon was elected to replace her on an otherwise unchanged executive. Brother Norman took the opportunity of expressing his gratitude for the great work being done by the Parents and Friends' Association, in particular for the years of untiring service rendered by Mrs. Reed.

## Social Activities

A RECORD gathering of 150 was present at the farewell dinner given to the Leaving Certificate Class by Fourth Year on Thursday evening, November 3. The venue was changed this year to the Macca-bean Hall in Darlinghurst Road. A ladies' Committee had made the hall a picture and decorated the tables very tastefully, especially with good things to eat.

Visitors to the Official Table included: Rev. Father Grew and Rev. Father Hannen of the Darlinghurst Parish; Brothers Directors of neighbour schools, Rev. Brother Harding of the Christian Brothers' High School, Paddington; Rev. Brother Eryan of St. Patrick's Technical School, Rev. Brother Venard of St. Anne's, Bondi Beach; Rev. Brother Brendan, of the Marist Brothers' School, Bondi Junction; Rev. Brothers Cassian, Gonzaga and Mark; Messrs T. Akhurst and J. Langdon represented the Parents' and Friends' Association. Mr. O. Howard attended on behalf of the Men's Auxiliary.

The Fourth and Fifth Years boys, under the chairmanship of Anthony Hagan, excelled themselves in proposing and replying to the various toasts. Rev. Father Grew, the School Chaplain, replied on behalf of the visitors, finding it difficult to decide

whether he was really a visitor, so close is his contact with the boys of the School.

A most enjoyable evening closed with a number of appropriate presentations. Alan Stone, on behalf of the departing Leaving Certificate Class, presented Brother Norman with some valuable books for the School library. The undefeated A grade football team received mounted photos of the team. Victor Robinson, captain of the First XI, handed Brother Patrick a small token of appreciation from the cricketers and footballers. Brother Norman and Brother Patrick expressed their thanks.

The toast list was as follows: Chairman, Anthony Hagan.

### **Toast to the Leaving Certificate.**

Seconded by: MICHAEL GRAINGER.

Reply by: ULF BRANDMAYER.

Seconded by: GERARD FANNING.

### **Toast to the Alma Mater:**

Proposed by: NEIL McKENNA.

Seconded by: STEVEN COLEMAN.

Reply by: REV. BROTHER NORMAN.

Seconded by: REV. BROTHER FERRER.

Address on Behalf of Visitors: REV. FATHER GREW.

### THANKS AND APPRECIATION

*In addition to those mentioned elsewhere in these pages the Brothers and boys at the School express their thanks to Rt. Rev. Mgr. T. O. Wallace, P.P., Rev. C. Grew and the other priests of the Darlinghurst Parish, Rev. J. Haseler, Adm., St. Canice's, for their zeal amongst the boys; to Mrs. V. Newman, Mrs. G. Ganci, Mrs. F. Frost, Mrs. G. Fraser, to Messrs. G. Boyd, J. Langdon, S. Ogg, T. Swanner, T. Hannan, B. Hare, J. Winchester, B. McGee, S. Johnson, J. Pye, W. Vrolyks, A. Jones, J. Malouf, G. Fallon, J. Stokes, K. Laffan, J. O'Brien, H. Zahra, Mr. A. Woog, M. Cruickshank, J. Brennan, Mr. J. Jackson, Mr. J. Moran, to "Holden Circle" subscribers, and to the Eastern Suburbs Rugby League Club.*

# Old Boys' Union

**Patron:** His Eminence, N. T. Cardinal Gilroy, Archbishop of Sydney.

**President:** M. Quoyle.

**Permanent Vice-Presidents:** Most Rev. John Toohey, D.D., Bishop of Maitland; The Honourable Sir Edward McTiernan, K.B.E., P.C., Justice of the High Court of Australia; Dr. Richard Flynn, John W. S. Donnelly, Esq. **Vice-Presidents:** Rev. Brother Norman, Director of the School (ex-officio); Messrs. S. Ogg, L. Smith, W. Wall, T. Timmins, C. Glass, S. Cusack, C. Matha.

**Secretary:** D. McCallum.

**Assistant Secretary:** M. Trainor.

**Treasurer:** A. Musgrave.

**Committee:** Messrs. C. Holden, R. Miller, J. Bolster, H. Barclay, R. Graham, D. Donovan, R. Timmins, E. Anderson, W. Kirwin, C. Glass, E. Goodwin.

The Old Boys' Union has had a most successful year. Any efforts of the committee have more than been repaid by the social success of the various functions enjoyed by the Old Boys.

Last December, **Br. Demetrius**, then Director of the School, was farewelled on the eve of his departure to France by 40 members, including **Rev. Fr. Denis Hallinan**, O.P., and **Br. Carl (Jim Peoples)**.

**Communion Breakfast:** The Mass was celebrated at the Sacred Heart Church, Darlinghurst, on Sunday, 21st February, by an Old Boy, **Rev. Fr. Hallinan**, O.P. The Breakfast followed at the School. Over 80 members attended, including a number of Old Boys who had not been back at the School in many years. Noticeable also were the many recent Old Boys present. Members had the opportunity of meeting the new Director, **Br. Norman**.

Among those present were **Rev. Fr. P. McMaugh**, **Dr. Tony Musso**, **John Riley**, **Len Owen**, **Laurence Hensby**, **Charles Peoples**, **Bill and Peter McMaugh**, **Dr. Mick Tracy**.

**Annual General Meeting:** Held at the Catholic Club on Thursday, 25th February. Although sparsely attended, the members were very enthusiastic.

**Pre-Ball Cocktail Party** was held for the committees of the Old Boys' Union and Our Lady of the Sacred Heart Ex-Students' Union, Kensington, and others helping to organise the Annual Ball at the home of **Mrs. Wheeler**, Kensington Ex-Students' president. It enabled the official party to become acquainted and helped largely in the smooth organisation of the Ball. The committee has decided that it should be an annual event. Thanks once again to **Mrs. Wheeler**.

**The Annual Ball**, at the Trocadero, in May, was attended by 450. Debutantes were presented to **Right Rev. Mgr. E. McAuliffe**, P.P., of Kensington, and to **His Honour, Mr. Justice Donovan**, and **Mrs. Donovan**. At the official table was **Mr. L. Smith**, Acting President of the O.B.U. who was representing **Mort Quoyle**, who had just been married. **Mrs. Smith** accompanied him. Other Old Boys entertaining large parties were **Alan Musgrave**, **Mark Trainor**, and **Jim Hammond**.

**Annual Dinner**, on Thursday, 27th October, at Cahill's Tudor Room, Martin Place, had the warm support of 65 members, the group being the most representative for many years. **Br. Norman (Director)** and **Br.**

SECOND ROW: P. O'Carroll, P. Lynch, A. McDonogh, P. O'Carroll, M. Jones, K. Mather, C. Willis.

FRONT ROW: M. Knight, P. Hills, P. Goodwin, G. Jones, M. Willis.

Ferrer represented the School. It was very pleasant to see Rev. Frs. Harden, Madden, and Sheridan, S.J. Among those present were: Messrs. J. Armstrong, P. Barnes, J. Blakeney, J. Boyce, J. Burke, R. Cahill, G. Charker, T. J. Clements, J. V. Comans, J. Coen, C. and D. Cummins, S. Cusack, B. Dawson, J. W. Dennis, T. M. Devitt, J. Donnelly, K. Donohoe, F. C. Durack, E. Goodwin, V. Hallinan, T. Herbert, J. Hurley, J. Jackson, J. Letts, E. O'Loughlin, A. Luciano, J. Noel, E. S. Ogg, B. Quoyale,

J. M. Quoyale, M. Quoyale, J. B. Ryan, T. Z. Siu, G. Smith, R. R. Smith, T. Timmins, M. and P. Trainor, W. Wall, B. Walsh, B. Wilde, R. Wright.

**Football:** The annual football match against the School was held at St. Joseph's College, Hunter's Hill, on May 7. Two games were played and the Present Boys gave us a good workout. However, we proved ourselves 80-minute players and ran out winners in both games by a narrow margin.

**Golf Day:** The final social event of the O.B.U. year was the golf day at Studley Park on October 9. About two dozen Old Boys and Brothers hit off and, due to expert handicapping, there was little difference between the cards at the end of the day. However, the final placings were: 1st, Gavin Dumbrell; 2nd, Kenneth Graham; 3rd, Mr. S. Gould. Des Donovan and Ron Suen won the first and second nines.

During the year an Old Boy of the 40's in the person of **Father K. McNamara, S.J.**, was ordained to the priesthood in India.

**Rev. Father Joe Egan, S.V.D.**, returned to Sydney after four years on the mission of Indore, Central India. He called at the School and gave the senior boys an illustrated lecture on the work of his Order.

At the end of last year, **Dr. Michael Flynn**, Chief Medical Officer of the Sydney Water Board, was awarded a 1960 Overseas Travelling Fellowship by the National Health and Medical Research Council.

**Mort Quoye** and **John Bolster** were married during the year and we trust God's blessings will be with them.

Among those presented to the new Apostolic Delegate at the Laymen's Dinner in June was **Dr. Cyril Cummins**, Director General of Health. Also present at the dinner was **Mr. G. Davey**, on whom the Pope had recently conferred the title of Papal Knight.

**Noel Reid** (L.C. 1947) is now operating his own road transport company. His leisure

hours, which, he claims, are few, are spent in completing his home at Sylvania. All Old Boys send their regards to Joan and the children.

To be seen disappearing into the massive portals of the Hilton Chevron Hotel, Potts Point, is **Peter Cullen** (L.C. 1946). He, together with some chap named Nick Hilton, has planned the catering of Sydney's largest hotel.

**Mr. and Mrs. John McCauley**, with their young son, Luke, have recently moved into a new home at Mosman. John (L.C. 1950) some years ago completed a business management course and is now a well known figure in the wholesale game with T. F. Nash Pty. Ltd.

**Bruno D'Adam** (L.C. 1950), with his attractive wife and child, were unexpected but very welcome guests at the O.B. Golf Day. Bruno, a school teacher, is attending University at night in pursuit of a B.A. degree. His school contemporaries will remember him not for any academic achievements but for his football ability; his post-school League grade efforts must stamp him as one of Darlo's best.

**Lennie Locker**, who was married recently, had as his best man classmate **Warren Castray**.

The "Twins" are keeping **Cal and Joy Matha** busy these days, but rumour has it that we may see them (i.e., Cal and Joy, not the twins) at the next Ball. Cal, it will be remembered, was president of the Union in 1958.

## Men's Auxiliary

One of the first gatherings of the School year was the organising of jobs for the Men's Auxiliary for 1960. Messrs. E. Goodwin and O. Howard set out their plans.

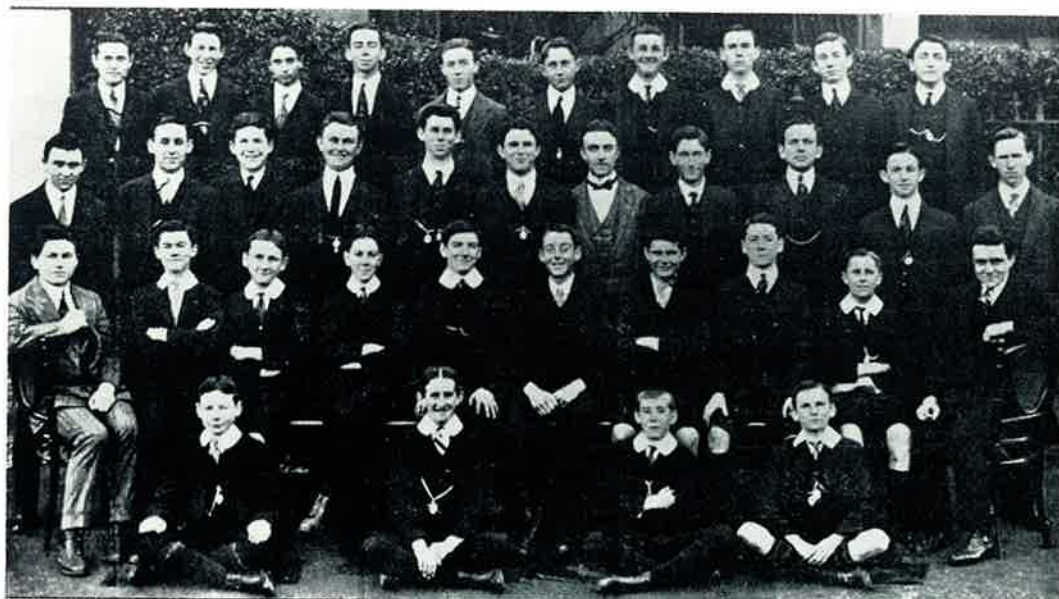

A beginning was made to the big task of renovating the Darley St. House. It took a good deal of carpentry to set up the Technical Drawing Room, which had been transferred from the main school building. A par-

lour was also set up, and this necessitated some tiling.

It had been hoped to paint the inside of the building but it was found that the walls would have to be sealed against the weather. Now at the end of the year we find the outside of the Darley St. house looking very well in its fresh coat of blue.

We are most grateful to those men who sacrificed weekends to make the building more suitable for school work.

## Leaving Certificate Classes of Other Years

— 1923 —

**Tom McGlenn** is Chief Engineer for the Water and Sewerage Board. **Frank Madigan** practises as a solicitor in the country. **Albert Luciano** is General Manager of Century Batteries. **Tom Harris** is employed by the Water Board as a surveyor. **Hugh McCaffery** is a school teacher, as is **Phil Carnegie**. **Dr. Tom Armstrong** practises as an eye specialist in Macquarie Street. **Jim Letts** is a Stipendiary Magistrate. **Matt Boland** is with the Transport Department as a Solicitor. For some time **Ron Kelly** was with Sweet-acres in Sydney but has now transferred to Melbourne on the executive of a wholesale confectionery firm. **Jack O'Connor** works for the Sydney County Council. **Greg Bondietti** is an inspector with the Education Department. **Dan Cummins** is the brother of **Cyril** who is Director General of Health. Of the others in this class, four are dead: **Clem Giles**, **Jack Bombell**, **Jim Hobbs** and **Frank McGrath**.

— 1933 —

**Jim Maunsell** holds the position of works manager at the Century Battery Company. **Rev. Father E. Paine** is assistant priest at Holy Cross, Woollahra. **Leo Corrigan** is a school teacher. **Reg. Abdullah** has been of great assistance to the Brothers at Darlinghurst in solving some of their financial problems. **Dr. Anthony Musso** has a medical practice at Bankstown. **Stan Sutton** was accidentally killed in an explosion at training during the war. **Rev. Father E. Kelly** has just completed his term as Superior at the Sacred Heart Monastery, Kensington, and has been transferred to Melbourne. **Rev. Father S. O'Reilly, C.M.**, is now parish priest of Ashfield, and the organiser of the archdiocesan scheme for raising money for school buildings. **Marcel Lynch** has been for many years in the French Bank in Sydney. Unfortunately, **Stan Weatherall** appears in our obituary notes this year. He was killed in a road accident in Nottinghamshire, Eng-

land, during a business trip abroad. (R.I.P.) **Ces. Gidley** is on the executive of the Sixteen Millimetre Company. **John Dryden** is with the State Public Service. **Bill Wiloughby** is making good use of his opportunities with the C.S.I.R.O. in Canberra. **Jack McDonough** is an accountant with W. D. & H. O. Wills. **Mick Flynn** is an officer of the Water and Sewerage Board. **Dr. J. Smith** is the Medical Superintendent at the Newcastle Hospital. **Tom Lyons** has a photography business at Wynyard. **Anthony Defina** is a chemist.

— 1943 —

Members of the 1943 L.C. no doubt remember the organising ability of **Ron Morcom**. Ron, now a paraplegic, lives at Caringbah, and is well up in the affairs of the Maimed and Limbless Association and Polio Societies in the St. George District.

Caringbah is also the domicile of **Dick O'Connor**, who works for the management consultant firm of W. D. Scott & Co.

Speaking of **O'Connors**, **Desmond** (French Joe) is lecturer in Surveying at the University of N.S.W.

**Jim Lynch** has completed almost a full circle of the Public Service Engineering Departments and now works for the Water Conservation and Irrigation Commission.

**Kevin Torpy** is the family chemist out Villawood way. Kevin is always willing to sell matrimony to any of his bachelor associates.

**Tommy Cross** resides at Randwick these days and is active in the St. Vincent de Paul Society there.

**Pat Kelly** and **Paul Ryan**, although distance separates them these days, seem to use their teaching background for an excuse to cover their mutual getting around.

**Noel Gorbach** and **Bill Crocker** are likewise teaching.

**Peter Leicht** is an electrical contractor at Kingsgrove, and **Joe Walz**, who married Peter's sister, is farming up Queensland way.

## Marist Miscellanea

**Rev. Brother Hilary**, Assistant General, and **Rev. Brother Quentin**, Provincial, visited the High School during the year.

**Brother Demetrius** spent a few days here during the September holidays on his return from overseas.

**Brother Wilbred** called in to get his breath on his way to and from his holiday home which took him from Innisfail to Perth and back again.

**Brother Salvius** visits the school regularly during the year searching for and fostering vocations in the Religious Life.

**Brother Gerard** was in his element when he visited Sydney for a special conference called by the Professor of Latin at the University of Sydney.

Although **Brother Stanislaus** does not enjoy the best of health these days, he insists on doing some teaching each day at Randwick.

It cannot be very long before **Brother Michael** returns to Australia.

It did not seem the same this year when **Brother Vianney** did not come to O.B.U. functions. He had been transferred to Rosalie, Queensland, to join **Brother Cloman**. **Brother Alban** spent some time at the High School during the year compiling the history of the work of the Brothers in Australia. He brings news of **Brother Peter**, who is still in Brisbane.

**Brother Gregory** is in the Mater Hospital recovering from a serious operation.

**Brother Venard** and **Brother Eryan** accepted our invitations to the Leaving Certificate farewell dinner in November.

At the Reception and Profession ceremonies at St. Joseph's College on July 2, four Old Boys received the Habit of the Marist Brothers; they were: **Brothers Raymond Mulvogue, Peter McMahon, Francis McMahon** and **Anthony Craven**.

**Brother Elgar**, an Old Boy of the twenties, has recently published an anthology of poems with the assistance of such a distinguished body as the Commonwealth Literary Fund. The name of the publication is "Speak to Strangers."

### BANQUET FOR THE VICTORIOUS COLOUR COMPETITION TEAM

Towards the end of the third term the ladies of the Parents' and Friends' Association assisted the Brothers in organising, at the I.N.A. Hall, the banquet for the victorious house team (Aquinas).

On behalf of the captains and vice-captains of the other teams Neil McKenna congratulated the Golds on their skill and sportsmanship on the playing field and their assiduous application to study in the classroom. Steven Coleman, the captain, replied on behalf of Aquinas, thanking Brother Norman and Brother Samuel for arranging the dinner and Brother Columbanus for his keen interest in the team.

# Over a Century of Progress

***A Community Service which Links Six Generations of Sydneysiders***

Thomas Dixon founded Sydney's first Catholic "undertaking" in 1836 . . . the year of the opening of old St. Mary's and 6 years before the Municipality of Sydney was formed. The firm of Thomas Dixon Pty. Ltd., faithful to the principles which it has honoured for 120 years, is to-day pledged to the same high standard of service to the Catholic community, under the management of the founder's great-grandsons, Henry Thomas and William John, the present directors.
